SUBJECT: Rwanda - TF 51

1. In our discussion on Rwanda and AAFES requirements you indicated that TF 51, Goma would not be approved an AAFES imprest fund or retail trailer. Also, indicated that the Goma site may not last past 4 weeks.
2. Talked with TF 51 POC Major Puhl, and he had a request from the unit in Goma if the AAFES retail trailer would fit in a C-130 (answer NO) and short of getting the trailer they wanted the imprest fund.
3. Can you provide direction as to which units and locations, other than Entebbe, where AAFES-EUR can address adding imprest funds or TFEs, if requested.
